Welcome to the HashiCorp Announcement list!

On this list you will receive high-priority, low-volume announcements about HashiCorp products, including release information and security bulletins. Posting is reserved for HashiCorp staff only; for discussion about specific tools, please use the corresponding list.

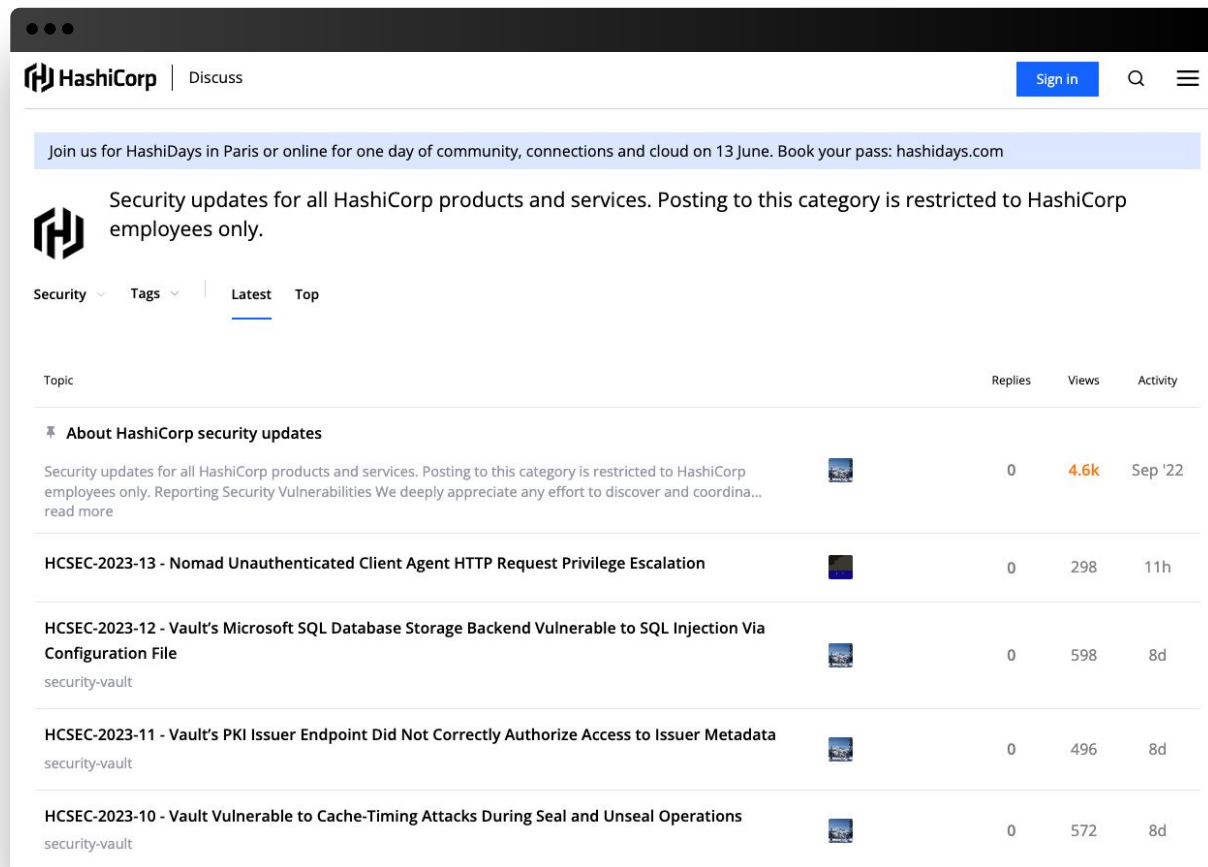

As a reminder, if you wish to contact us regarding any security-sensitive matter, please responsibly disclose by emailing security@hashicorp.com. PGP information can be found at <https://www.hashicorp.com/security.html>.

Thank you for joining the list!

The screenshot shows the HashiCorp Discuss forum page. At the top, there's a navigation bar with the HashiCorp logo, a 'Discuss' link, a 'Sign in' button, and search/menus icons. Below the navigation bar is a blue banner for HashiDays in Paris. The main content area is titled 'Security updates for all HashiCorp products and services. Posting to this category is restricted to HashiCorp employees only.' Below this, there are tabs for 'Security', 'Tags', 'Latest', and 'Top'. The 'Latest' tab is selected. The forum posts are listed in a table with columns for 'Topic', 'Replies', 'Views', and 'Activity'. The first post is 'About HashiCorp security updates' with 0 replies, 4.6k views, and is dated Sep '22. The subsequent posts are about specific security vulnerabilities: 'HCSEC-2023-13 - Nomad Unauthenticated Client Agent HTTP Request Privilege Escalation' (0 replies, 298 views, 11h), 'HCSEC-2023-12 - Vault's Microsoft SQL Database Storage Backend Vulnerable to SQL Injection Via Configuration File' (0 replies, 598 views, 8d), 'HCSEC-2023-11 - Vault's PKI Issuer Endpoint Did Not Correctly Authorize Access to Issuer Metadata' (0 replies, 496 views, 8d), and 'HCSEC-2023-10 - Vault Vulnerable to Cache-Timing Attacks During Seal and Unseal Operations' (0 replies, 572 views, 8d).

Intermittent issues accessing HCP Portal

Incident Report for HashiCorp Services

Resolved

Our Engineering team has resolved the issue accessing the HCP Portal UI. The HCP Portal UI should now be operating normally. If you continue to experience any problems, please open a ticket with our support team.
Posted 15 days ago. Mar 24, 2023 - 00:09 UTC

Monitoring

Our Engineering team has implemented a fix to resolve issues accessing the HCP Portal UI and is monitoring the situation closely. We will post an update as soon as the issue is fully resolved.
Posted 15 days ago. Mar 23, 2023 - 23:51 UTC

Update

Our engineering team is investigating an issue with the HCP Portal UI. During this time, users may experience inability to access the HCP Portal UI. We will share another update as soon as we have more information.
Posted 15 days ago. Mar 23, 2023 - 23:36 UTC

Investigating

Our engineering team is investigating an issue with the HCP platform. During this time, users may experience inability to access the HCP portal. We will share another update as soon as we have more information.
Posted 15 days ago. Mar 23, 2023 - 23:34 UTC

This incident affected: HCP Portal.
