Topic	Replies	Views	Activity
HCSEC-2021-34 - Vault, Consul, Boundary, and Waypoint Affected By Denial of Service in Golang's net/http (CVE-2021-44716) Security security-vault, security-consul, security-waypoint, security-boundary	0	487	Dec '21
HCSEC-2021-33 - Vault's KV Secrets Engine With Integrated Storage Exposed to Authenticated Denial of Service Security security-vault	0	487	Dec '21
HCSEC-2021-30 - Vault's Templated ACL Policies Matched First-Created Alias Per Entity and Auth Backend Security security-vault	1	983	19d

Onboarding Checklist

Vault Deployment
- ❏ Create HCP Organization, deploy HVN and create a HCP Vault cluster
- ❏ Automate HCP Control plane and automate Vault Management
- ❏ Telemetry and Monitoring in place
- ❏ Performance replication in place (Plus tier)

Vault Operational
- ❏ Getting the first use case (team/service/application) onboarded and consuming secrets stored in Vault
- ❏ A roadmap created for onboarding additional use cases and validated with a HashiCorp CSM during success planning.

Completed within 90 days

Post-Program Support

HCP Vault Onboarding Journey Content

- Program Kickoff - password: h6d2gZjq66

- HCP Vault Cloud Overview - password: Jz82kpw26

- HCP Vault Operationalize - password: d8ajf3uQ

- HCP Vault Identity & Access Mgt - password: F7d2gZjq39

- HCP Vault Secrets Management - password: C7d2gZjq39

- HCP Vault Roadmap - password: k9d2gZjq39

- HCP Vault Closing - TBD

All program materials

Post-program support

Post onboarding, you can leverage these areas for continued assistance

Review use-case Session

Review use-cases with your CSM and Account team to help you go into production

Support

Support will continue to be your resource for resolving technical challenges

HashiCorp Discuss

Join the conversation over on our Discuss page! It is an active forum with contributions from product teams at HashiCorp.

Webinar Recordings

All recordings of the past workshops will be hosted on a video platform for ongoing education and learnings.

Quarterly Product Updates

Tune in for a Quarterly webinar where we review the latest feature updates and planned releases. Your feature request might be featured!

CSM Support

Our Customer Success team will continue partnering you to provide continued assistance post-program.

Post-program support from CS

Customer Success Manager (CSM)
Account & Success Management

- Invitations to future seminars and lunch and learn sessions
- Customer advocate to connect you with internal resources at HashiCorp on any product or architectural questions
- Collaborate on pertinent adoption milestones on your post-program journey
- Partner with you on your use-cases to help you meet your production goals

Customer Success Architect (CSA)
Technical Success & Advisory

- Technical enablement through lunch and learns, tech talks, and webinars that will include enablement on technical topics, new features, and recommended patterns.
- Technical advisement as-needed on topics including reference architectures, recommended patterns, and feature adoption.

Recommended additional resources

We strongly urge you to subscribe to the HashiCorp Cloud Platform status web page, this can be done here
